

BT7566

INTERFACE ADAPTOR ARMS FOR VESA® 900 X 400

Designed to increase the VESA mounting pattern of smaller mounts to accommodate larger screens, the BT7566 allows VESA 400 fixings to be increased to VESA 900. These adaptor arms are ultra-slim to keep the depth of the install to a minimum and can be used with existing B-Tech products, such as the BT8310, BT8310XL and System X interface arms. All mounting hardware included.

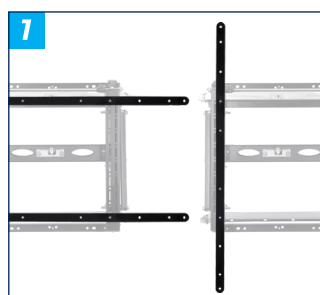

SPECIFICATIONS

VESA® compatibility	600, 800 & 900
Max load	Depends on what BT7566 is mounted to
Depth increase to the install	0.2"
Color	Black

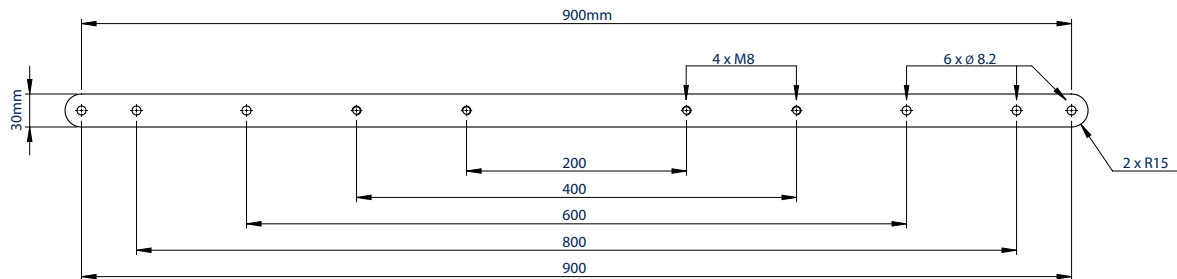

FEATURES

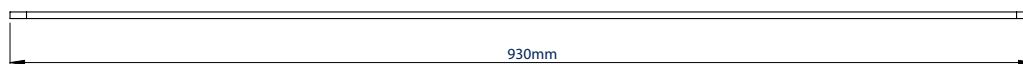

- 1 Can be used to accommodate both landscape & portrait installations
- 2 Adaptor arms are ultra-slim to keep the depth of the install to minimum
- 3 Compatible with existing B-Tech products (BT8310, BT8310XL and System X™ Interface Arms)
- 4 Easily fixes onto interface plates / arms using the screws provided
 - Attaches to a VESA 400 mount, increasing fixings to VESA 600, 800 or 900
 - Can be used in conjunction with another pair of adaptor arms (BT7564 / BT7565 / BT7566) to increase VESA mounting patterns
