

BT8331

SYSTEM X™ POP-OUT MENU BOARD MOUNTING SYSTEM

The BT8331 is a modular wall mounting system for menu board installations of any size and features pop-in, pop-out interface arms designed to aid installation and allow access to the rear of the screens for servicing and maintenance. As part of the System X range, the BT8331 features a contemporary, lightweight, yet robust design with high-end aesthetic quality and micro-adjustment for seamless screen alignment.

SPECIFICATIONS

Recommended screen size	39" up to 75"
Max load	110lbs per screen

BT8331

BT8331 configurations are made to your exact requirements and, as a result, utilise a varying combination of System X components in order to create the perfect solution. Below are technical drawings for the standard components used in every BT8331 configuration: **BT8390-VESA400MAP** Pop-Out Interface Arms, **BT8390-WFK1** Wall Fixing Kit and **BT8390** Mounting Rails (available in different lengths). Please visit our System X online configuration tool at www.btechavmounts.com/systemx-configurator to specify your requirements. All dimensions will be automatically calculated and a complete mounting solution with all required parts will be created for you.
