BT8341

UNIVERSAL POP-OUT VIDEOWALL MOUNTING SYSTEM

The BT8341 is a modular wall mounting system for Videowall installations of any size and features pop-in, pop-out interface arms designed to aid installation and allow access to the rear of the screens for servicing and maintenance. As part of the System X range, the BT8341 features a contemporary, lightweight yet incredibly strong design with a high-end aesthetic quality and micro-adjustment for seamless screen alignment.

SPECIFICATION

Recommended screen size	39" - 70"
Max load	50kg (per screen)
Depth (flat)	126mm (+/- 7mm micro-adjustment)
Depth (popped out)	306mm (+/- 7mm micro-adjustment)
VESA® & non-VESA fixings	(max vertical dimension) 900mm*
Colour (interface arms)	Black
Colour (horizontal rail)	Silver

*Refers to maximum vertical fixing dimension for a typical configuration. Correctly sized interface arms and adaptors will be supplied as necessary to suit the mounting pattern you require.

FEATURES

- Universal design suitable for all sized screens up to 50kg (per screen)
- Features pop-in, pop-out function to allow access to the rear of screens for servicing and maintenance and to aid installation
- Can be used in an endless variety of configurations
- Tool-less micro-adjustments for seamless display alignment
- Suitable for landscape or portrait mounting
- High-end aesthetic quality
- Safety screws help prevent unauthorised removal of screens
- Ideal for recess mounting Videowalls
- Arms include locking screw to prevent accidental pop-out of screens
- Cable management included for a neat and tidy installation
- Multiple rail lengths available (rails can also be joined to create larger installs)
- Can be combined with System 2 poles and collars for floor-to-ceiling installations**

**Pop-in, pop-out solutions that are mounted from the ceiling should also be fixed to the floor to prevent poles flexing when pushing screens in and out. For more information contact your local sales representative

Tool-less micro-adjustment for seamless display alignment

Push to open / push to close system provides quick and easy service access

Suitable for landscape or portrait mounting, screens can also be recess mounted

Compatible with System 2 poles and collars to create floor-to-ceiling installations

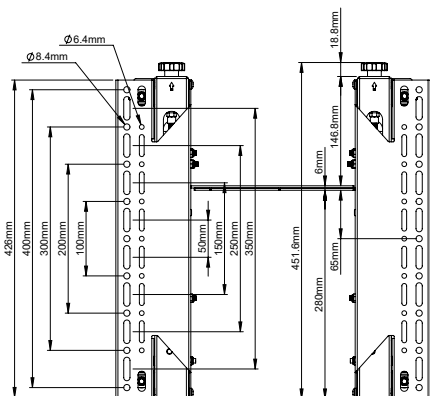

TECHNICAL DRAWINGS

CREATING YOUR BT8341 KIT

BT8341 configurations are made to your exact requirements and, as a result, utilise a varying combination of System X components in order to create the perfect solution. Below are technical drawings for the standard components used in every BT8341 configuration: **BT8390-VESA400MAP** Pop-Out Interface Arms, **BT8390-WFK1** Wall Fixing Kit and **BT8390** Mounting Rails (available in the lengths shown). Please visit our System X online configuration tool at www.btechavmounts.com/systemx-configurator to specify your requirements. All dimensions will be automatically calculated and a complete mounting solution with all required parts will be created for you.
