

## **UNIVERSAL CURVED VIDEOWALL CEILING MOUNT**

Designed to mount videowalls in curved configurations, the BT8343 is a ceiling mounted system with a universal design suitable for all screens from 39" to 70". As part of B-Tech's dynamic System X range, this contemporary mounting solution is lightweight yet incredibly strong, has a high-end aesthetic quality and comes with integrated angle guides, cable management and a choice of interface arms.

SPECIFICATION	
Recommended screen size	39" - 70"
Max load	<b>50kg</b> per screen
Angle adjustment range	up to +/- 45° (between screens)
VESA® & non-VESA fixings	up to <b>900mm</b>
Pole length	0.5m up to 3m (can be cut to length)
Colour (poles & ceiling moun	t) Black, White or Chrome

\*Refers to maximum vertical fixing dimension for a typical configuration. Correctly sized interface arms and adaptors will be supplied as necessary to suit the mounting pattern you require.

## **FEATURES**

- Configurable mounting solution available to order to your requirements from stock
- Suitable for landscape or portrait mounting
- Easy to use adjustable adaptor creates an angled join between screens
- Integrated angle guides eliminate the need to measure required angles
- Integrated rail mounting guides ensure the join position is consistent throughout the installation without the need to measure
- Tool-less micro-adjustments for seamless screen alignment
- Arms feature levelling screws to adjust the screen height
- Integrated cable management
- Safety screws help prevent unauthorised removal of screens
- Simple installation with all mounting hardware included

Angle up to +/-45° to create a concave or convex curved menu board

Choose from fixed or micro-adjustment

Integrated cable management to hide unsightly cables

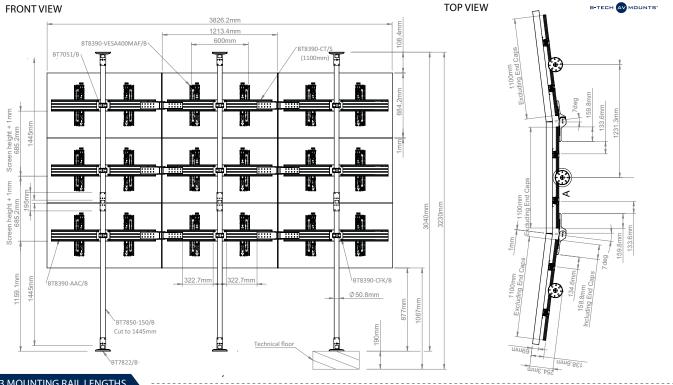

Ø50mm poles are available in lengths ranging from 0.5m - 3m to provide the desired drop
