

IDEAL FOR
 MULTI-SCREENS
 INSTALLATIONS

BT8390-VESA200T SYSTEM X™ UNIVERSAL INTERFACE ARMS WITH TILT

FOR SMALL /MEDIUM SCREENS

Ideal for single row, multi-screen installations, these interface arms are designed to mount small to medium sized screens in a tilted position along System X horizontal mounting rails. The universal design is compatible with a variety of different screens and allows them to be mounted in either landscape or portrait orientations. Leveling screws on each interface arm provide post installation height adjustment and thumbwheels allow easy tool-less adjustment of the tilt angle up to 20°.

SPECIFICATION

Recommended screen size	up to 47"
Max load	154lbs
VESA & non-VESA fixings	up to 200 (vertical dimension)
Tilt adjustment	up to +20° (in increments of 5°)
Supplied in pairs	

*The VESA specification of the BT8390-VESA200T refers to the **vertical dimension only**. All System X interface arms can be positioned as far along the rail as necessary.

FEATURES

- Ideal for menu boards and other multi-screen installations
- Universal design compatible with most screens
- Suitable for landscape or portrait mounting
- Tool-less thumbwheels for easy adjustment of the tilt angle
