

# BT9277

## UNIVERSAL dvLED RETRACTABLE VIDEOWALL STAND FOR MULTIPLE CONFIGURATIONS

Part of B-Tech's System Xpress range, the **BT9277** is a universal retractable mounting solution designed for use with any latching dvLED cabinet. Engineered for fast turnaround, it can be quoted quickly and supplied directly from stock, making it ideal for time-sensitive installations.

Specifically suited to dvLED displays installed close to shopfronts or windows, the BT9277 features a retractable floor base that allows the mounted display to be moved backwards by up to 400mm. This provides convenient front access to the cabinets for servicing and maintenance, while the base remains securely fixed to the floor for maximum stability.

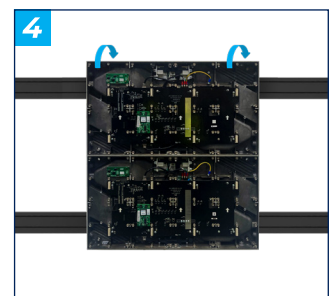

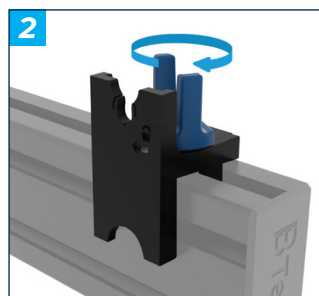

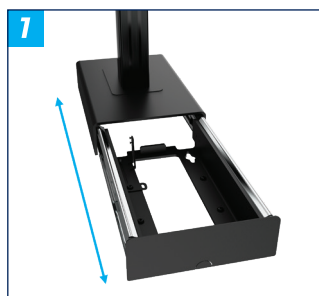

Available in configurations tailored to your exact requirements, the system supports floor-mounted installations. By combining universal compatibility with fast availability and simple installation, System Xpress delivers one of the quickest dvLED mounting solutions from order through to installation.
