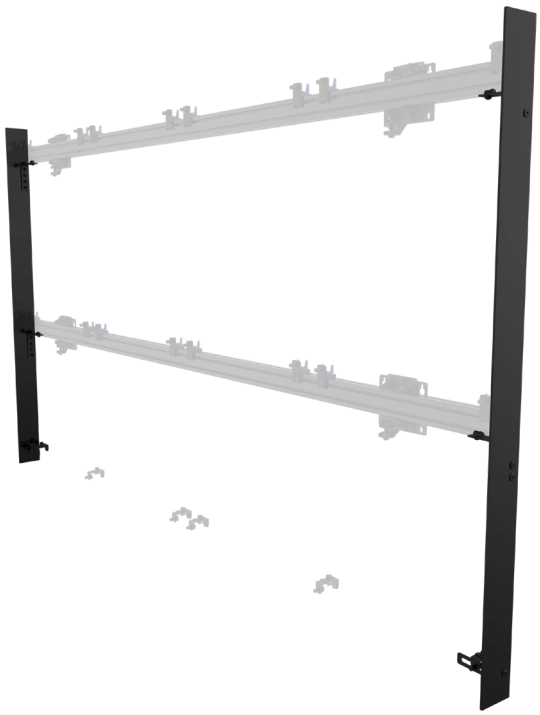
BTXPS-TK2

SIDE TRIM KIT
FOR SYSTEM XPRESS LED VIDEOWALLS

The **BTXPS-TK2** is a set of side trims, custom cut to precisely match the height and depth of the LED videowall installation. Designed for use with System Xpress mounting solutions, the trims provide a neat, professional finish concealing the exposed sides of the mounted display. By attaching directly to the mounting rails, rather than the LED cabinets, the acrylic trim kit helps protect cabinets and modules from potential damage and with multiple fixing points provide a flexible and easy installation.



SPECIFICATIONS

Compatible with	**System Xpress** (BTXPS27 / BT9240 etc.)
Colour	**Black**

FEATURES

- Universal – works on installations that use BT8392 rails
- Simple installation - Easy to fix side trim panels
- Can be provided with System Xpress kits if required
