Component Ranges Quick Reference Guide

B-Tech component ranges are modular systems that feature individual off-the-shelf products that fit together like a giant Meccano set. This allows custom mounting solutions to be built in an almost endless number of configurations, and offer adaptability, if the parameters of a project suddenly change. Installations can be further enhanced with additional equipment options, such as AV shelves, media players, or smaller screens.

SYSTEM X

Multi-Screen Mounting System Videowalls, Menu Boards & Specialist Single Screen Solutions

System X is a component based system designed as a highly configurable range for installing multi-screen equipment, such as menu boards, videowalls and broadcasting set-ups. The range can be ordered in individual parts or for user convenience **Complete Mounting Solutions** are also available that cover the most common requirements.

The online **System X Configuration Tool** makes it easy to configure and order System X, no matter your requirement.

SYSTEM 2™

Ø50mm Pole Mounted Installs Ceiling, Wall Or Floor-To-Ceiling Applications

System 2 is a truly versatile and flexible component mounting system which works on a modular principle based around Ø50mm poles, allowing AV equipment to be mounted almost anywhere. Offering a variety of mounting options, the poles can be joined together, cut to size, attached to the wall, ceiling or floor and can hold all manner of AV devices by clamping them to the poles using accessory collars.

System 2 and **System X** are compatible ranges that work together, offering 1,000s of possible mounting solutions.

Mode-AL Premium UC / VC Displays & Floor Stands

The **Mode-AL** brand is a range of premium mounting solutions typically catering for high-end projects Mode-AL solutions and have been used in thousands of installations worldwide.

The **Mode-AL** range is a component-based system that can be ordered in individual parts. View the **Mode-AL Mounting Guide** for further details.

For user convenience, we have created **Complete Mounting Solutions Floor Stand Kits** that can be customized using **System X** and **System 2** accessories.

SYSTEM V™

Ø38mm Components & Ceiling Mounts for Security Systems

The **System V** Range of mounting solutions is a specialist range of products designed to install security cameras and CCTV systems in public spaces such as retail, transportation, corporate, government and leisure environments.

System V is a collection of mounting components designed around the use of Ø38mm poles, available in three lengths to install dome cameras and flat screens from the ceiling.

SYSTEM XPERT

System Xpert, the installers choice, is a premium range of dvLED mounting solutions trusted for its quality, ease of use, adjustability and fast installation. It meets every need, from simple small format wall mounts to extra-large, curved, odd shaped or even ceiling setups. Configurations can be generated using our online configuration tool.

For more ambitious projects, our expert engineers can assist with bespoke specifications via email at technical@btechavmounts.com. The range includes detailed documentation, pre-assembled components and precision engineered Interface components for your specific application.

SYSTEM XPRESS

System Xpress revolutionises dvLED mounting supply with its innovative, universal design for latching cabinets. Featuring Patent Pending Xpress Connectors instead of screen-specific interface arms, this system offers unmatched versatility. The connectors click into your cabinets and lock effortlessly into supplied rails, enabling wall, floor, or ceiling installations with precision.

Pre-configured in the most popular 16:9 layouts and stocked for immediate availability, System Xpress eliminates the need for custom fabrication, making it the fastest and easiest way to receive your dvLED mounting solution.

Mounting solutions for ALL-IN-ONE DISPLAYS

Our **System AIO** range provides dedicated mounting solutions for the most popular all-in-one dvLED displays on the market. Offering wall mounted, floor-standing and mobile options.

System AIO supports leading brands such as **Absen, LG, Philips, Samsung** and **Sharp**, ensuring a perfect fit for your display requirements.
